

Food and supply distribution policies

- ① Food, water, supplies, etc. will be distributed fairly.
- ② If there is not enough of any supply, regardless of what it is, in principle they will be distributed to the elderly, people with disabilities, children, and adults in that order.
- ③ Food and supplies will be handed to each (evacuee) group representative, so please distribute supplies within your group.
- ④ In principle, supplies will be distributed by the food & supply team every day around ____ (time) at ____ (place), so please follow their instructions to receive your supplies in an orderly fashion.
- ⑤ Information about what supplies will be distributed and how many will be announced via broadcast.
- ⑥ Please make individual requests for needed supplies with the evacuation shelter management committee's food & supply contact person. If supplies are in stock, they will be provided. If they are not in stock, we will request them from headquarters, so please return to the contact person later to check if they have come in.
