

## To all pet-owners

Many people live communally at the evacuation shelter, so we kindly ask pet-owners to observe the following rules during their time here.

- ① Please keep your pets tied to designated areas or in a cage/carrier.
- ② Owners must always keep their pets' living spaces clean, and disinfect when necessary.
- ③ Please make all efforts to prevent your pets from causing trouble or injuries.
- ④ Be sure to have your pet go to the bathroom in the designated outdoor area and clean up after it.
- ⑤ Please designate feeding times for your pet and clean up after they eat.
- ⑥ Please make all efforts to keep your pets free of fleas.
- ⑦ Be sure to exercise and brush your pet outdoors.
- ⑧ If your pet has issues, please consult a temporary-care pet hotel or a pet hospital.
- ⑨ If there is any trouble with other evacuees, please quickly inform the evacuation shelter management committee (general affairs team or aid & sanitation team).
